

Middle School Club Parent Letter

Dear Parents,

The new semester is upon us once again! This Middle School Club focuses on fostering Christian relationships between kids and good sportsmanship-like qualities while participating in small and large group activities. Games include but are not limited to soccer, kickball, dodge ball, spoons, board games, etc and are used to encourage positive interactions that do not focus on winners vs. losers or boys vs. girls only having loads of fun! Everyone needs to come prepared to play outside or join in fun games inside depending on the weather.

Something different this semester will be that the kids will receive a grade for the class. The grade will come in the form of a rubric based on the child's participation and sportsmanship throughout the semester.

Please feel free to contact me with any questions or concerns!
