

Study Skills Parent Letter

Dear Parents,

I am looking forward to working with your students this semester in the Study Skills class! Each week we will discuss and practice various strategies for improving learning and retention of information. There will be a small amount of homework, as some of the skills will require some additional time to develop. Grades for this class will be based on attendance, participation in class, and completion of assigned homework. My goal is to create a fun and relaxing atmosphere, demonstrating how to take education seriously without becoming overwhelmed, and how to maximize learning with good study habits.

The best way for you to reach me this semester is by email:

mscapa@sbcglobal.net.

See you in a few weeks!

Melissa Scapa
